*I want to be honest with you. I have a 3 year old kid and I fear for his life. No, he doesn't have any illness nor do I want him to. But I fear the poison I use to keep him healthy!*

*The bleach, toxic phosphate, and ammonia that I use to clean surfaces give me night sweats. I feel helpless; it is between a clean house and child's life. How can I ever choose between two?*

*This made me look for an alternative cleaning solution. An old African textbook enlightened me about the use of citrus peel to clean tough stains and work surfaces. I asked my pharmacist friend to tell me more about the concentration of a peel and how it works.*

*We found a truly amazing compound d'limonene, which can break down and dissolve any kind of dirt, grease and stains with just one side effect, Jealous Neighbors!*

*Our product will leave your house squeaky clean with the fragrance of kaffir lime and orange peel. And our product is 100% safe. Safe for kids, pets and mother earth*

*Made from bio-degradable citrus peels, our product leaves no residue that can harm anyone in any form. We have created a series of video to show the effectiveness of our product. You can watch them here.*

*It is our request; please try out the naturally derived cleaning solutions. You owe this to your kids, family and this planet. Let this be your legacy. Gift a safe environment and clean air to your young ones!*
